Carnival Fantasia

When all good things are said and done
This was my year 1981.
For the Carnival in Rio came to life
With the Samba beat...such a wonderful delight.

From Sugarloaf to the beauty on the sunny beaches,
It's heaven on earth in this marvelous city's reaches.
This place is like a jewel of His crown
With tiny pearl islands that abound.

And welcoming all to the warmth of Rio de Janeiro
Is Christ the Redeemer on Corcovado.
It is the most beautiful sight to behold
Rejoicing all to His fold.

So this Christmas the message that I send...
The wish for our families and our friends,
A Carnival of Glad Tidings, a Fantasia of Peace
With Treasures from the King, and love to keep.
