### THE BLACK WALNUT TREE

I think that I shall never see  
A poem more lovely than the **GF Special Delivery Black Walnut Tree**  
A tree where the leaves in **Open Plan Systems** abound  
A harvest of values in the **Great Black Walnut OPS Bumper Crop** is to be found  
Way up in the branches, if you look you can see  
All kinds of **GF Black Walnut** products . . . OH! What Adaptability  
A very good marginal discount has been applied by the Owl so wise  
Even the Birds and the Bees checking the discount can hardly believe their eyes  
In just a few days a **Black Walnut mailing** will arrive by the breeze  
The Squirrels and the Chipmunks have gathered the **Bumper Crop of Black Walnuts**  
in Knoxville, TN.  
Poems are made by fools like me  
But only Mother Nature and GF can make the Black Walnut Tree

Adapted from the poem "Trees" by Joyce Kilmer
